Awakening The Creative with Stewart Cubley & Annie Danberg

is a journey into the wild territory of painting directly from intuition, an unpredictable venture into color, form, and image where no rules apply. The potential is to tap into an extraordinary resource: the vibrant, driving force of your own creative spirit.

December 5 - 10, 2010

In this workshop, people from all levels of experience are welcome, even if you've never picked up a paintbrush.

The goal is free expression, with the emphasis on the creative process rather than on technique or expertise. You will be given the opportunity to express yourself authentically in a studio environment that fosters spontaneous expression, respect, non-evaluation and non-competition.

Awakening the Creative is an opportunity to embark on the greatest of all human journeys—embracing your own path and confidently following it.
